CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET ("GEM") OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the "Directors") of Jete Power Holdings Limited (the "Company") collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the GEM of the Stock Exchange (the "GEM Listing Rules") for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquires, confirm that, to the best of their knowledge and belief the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.

Note (a): Capital reserve of the Group represents the difference between the nominal value of the 47% issued capital of a subsidiary, G. Force (Hong Kong), held by Mr. Wong Thomas Wai Yuk, a substantial shareholder of the Group, acquired pursuant to the group restructuring in year 2012 and the consideration for acquiring 47% of the issued capital of the subsidiary from Mr. Wong Thomas Wai Yuk.

Note (b): Warrant reserve represents the net proceeds received from the issue of unlisted warrants of the Company. This reserve will be transferred to the share capital and the share premium account upon exercise of the unlisted warrants, where the unlisted warrants remain unexercised at the expiry date, the amount recognised in the warrant reserve will be released to the accumulated losses.

Note (c): Other reserve represented the difference between the nominal amount of the share capital and share premium of XETron Group Limited and the nominal amount of the share capital issued by the Company pursuant to a group reorganisation.

NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL RESULTS

1. BASIS OF PREPARATION

The Company was incorporated in the Cayman Islands on 24 February 2014, as an exempted company with limited liability under the Companies Law (as Revised) of the Cayman Islands. The Company's shares have been listed (the "Listing") on the GEM of the Stock Exchange since 30 April 2015 (the "Listing Date").

Pursuant to a group reorganisation (the "Reorganisation") and capitalisation issue of 549,990,000 shares in preparation for the Listing, the Company became the holding company of the subsidiaries now comprising the Group on 10 April 2015, the details of which are as set out in the prospectus issued by the Company dated 23 April 2015 (the "Prospectus").

The unaudited consolidated financial results of the Group for the three months ended 31 March 2017 (the "Consolidated Financial Results") are presented in Hong Kong dollars ("HK$"), unless otherwise stated.

The Consolidated Financial Results have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and the applicable disclosure provisions of the GEM Listing Rules. The Consolidated Financial Results have been prepared under the historical cost convention.

2. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies that have been used in the preparation of the Consolidated Financial Results are consistent with those followed in the preparation of the Group's annual financial statements for the year ended 31 December 2016, except for the adoption of the new and revised HKFRSs.

In the current period, the Group has adopted a number of new and revised HKFRSs, amendments to Hong Kong Accounting Standards ("HKASs") and Interpretations ("Ints") (hereinafter collectively referred to as "new and revised HKFRSs") issued by the HKICPA that are relevant to the Group and effective for accounting periods beginning on or after 1 January 2017. The adoption of these new and revised HKFRSs did not result in substantial changes to the Group's accounting policies and amounts reported for the current and prior periods.

The Group has not early adopted the new and revised HKFRSs that have been issued but are not yet effective. The Group is in the process of assessing their impact on the Group's results and financial position.

The preparation of the Consolidated Financial Results in conformity with HKFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The Consolidated Financial Results should be read in conjunction with the Group's audited consolidated financial statements and notes thereto for the year ended 31 December 2016.

3. REVENUE

Revenue represents the amounts received and receivable from cast metal products sold in the normal course of business, net of cash discount and sales related taxes.

4. INCOME TAX EXPENSE

Taxes on profits assessable elsewhere have been calculated at the rates of tax prevailing in the countries in which the Group operates, based on existing legislations, interpretations and practices in respect thereof.

Hong Kong profits tax ("HK Profits Tax") has been provided at the rate of 16.5% (three months ended 31 March 2016: 16.5%). No provision for HK Profits Tax has been made as the Group did not have assessable profits subject to HK Profits Tax during the current and prior periods.

The subsidiary of the Group established in the People's Republic of China ("PRC") is subject to PRC Enterprise Income Tax ("EIT"). EIT has been provided at the rate of 25% (three months ended 31 March 2016: 25%) on the estimated assessable profits during the period arising in the PRC. No provision for EIT has been made as the Group did not have assessable profits arising in the PRC during the current and prior periods.

5. INTERIM DIVIDEND

The Board does not recommend the payment of an interim dividend for the three months ended 31 March 2017 (three months ended 31 March 2016: Nil).

6. LOSS PER SHARE

(a) Basic loss per share

The calculation of basic loss per share is based on the loss attributable to owners of the Company of HK$1,990,000 (three months ended 31 March 2016: HK$641,000) and the weighted average number of 3,500,000,000 (three months ended 31 March 2016 (restated): 3,500,000,000) ordinary shares in issue during the period.

The weighted average number of ordinary share for three months ended 31 March 2016 above has been adjusted retrospectively for the share subdivision which was completed on 8 July 2016.

(b) Diluted loss per share

The diluted loss per share for the three months ended 31 March 2017 is the same as the basis loss per share as the assumed exercise of the outstanding warrants has anti-dilutive effect.

The diluted loss per share for the three months ended 31 March 2016 is the same as the loss per share as there were no potential dilutive ordinary shares in issue.

MANAGEMENT DISCUSSION AND ANALYSIS

Business review and prospects

The Group is principally engaged in the manufacturing of metal casting parts and components in the PRC. The products of the Group can be categorized into four main categories: (a) pump components; (b) valve components; (c) filter components; and (d) food machinery components, which are made of stainless steel, carbon steel, bronze and/or grey iron. Our largest market is Germany. We also have customers from the PRC, Hong Kong and the United States.

During the reporting period, the global economic environment remain challenging but the Group is positive about the prospects of the metal casting industry and will continue to focus on its core business. Resources will be reserved for the purpose of increasing the production capacity in the Qiuchang Foundry, enhancing the marketing effort to attract new customers and strengthen the quality control system to maintain the strong customer relationship with existing customers. Meanwhile, the Group will also explore other potential investment opportunities in order to diversify the Group's business and create new source of revenue to the Group.

The following is the major events incurred during the period ended 31 March 2017 and up to date of this report:

(a) *Amendments to constitutional documents*

On 6 January 2017, pursuant to the special resolution passed by the shareholders of the Company, certain amendments had been made to the memorandum and articles of association of the Company for the purpose of establishing and facilitating the operation of a co-chairman structure for the Company. For details of the amendments, please refer to the circular of the Company dated 9 December 2016.

(b) *Memorandum of understanding in relation to a Proposed Acquisition*

On 3 February 2017, the Company entered into a memorandum of understanding (the "MOU") with a potential vendor in relation to the possible acquisition of part of the issued share capital in a company (the "Target Company", together with its subsidiaries "Target Group") (the "Proposed Acquisition"). The Target Group is principally engaged in the development of the distributed power generation projects and its related products in PRC.

On 3 April 2017, the MOU has automatically lapsed and ceased to have any effect as no legally binding agreement has been entered into between the Company and the potential vendor during the exclusivity period.

(c) *Cooperation framework agreement*

On 29 March 2017, the Group entered into a cooperation framework agreement (the "Agreement") with Guo Shi Assets Investment Management Co., Limited. The cooperation will foster a partnership on distributed power generation, combining the strengths of both parties and premised on the principle of mutual benefits, while leveraging their strategic resources (the "Cooperation"). The Agreement is only an agreement of intention with the purpose of setting out the cooperative plans between the parties to facilitate further and more detailed negotiations.

As at the date of this report, no definitive cooperation agreement in relation to the Cooperation has been entered into by the Group. As such, the Cooperation as stated in the Agreement may or may not proceed.

The Group will continue to adopt a positive yet prudent approach in its business strategies aiming to enhance the Group's profitability and the shareholders' value in the long run.

Financial Review

Revenue

For the three months ended 31 March 2017, total revenue of the Group decreased about 27% to approximately HK$9.23 million as compared with the corresponding period in 2016. The decrease in total revenue was mainly due to the decrease in sales volume which was affected by the 2017 Chinese New Year's Holidays of the PRC subsidiary which falls between mid-January 2017 and mid-February 2017. The factory output in January and February 2017 was lower than the corresponding period in 2016.

Cost of sales and gross profit

The key components of the Group's cost of sales comprised principally the (i) raw materials used for production of metal casting parts and components, (ii) direct labour costs and (iii) manufacturing overheads such as depreciation for plant and equipment, consumables, utilities, maintenance costs and indirect labour costs. For the three months ended 31 March 2017, the cost of sales of the Group decreased by about 22% to approximately HK$7.36 million as compared with the corresponding period in 2016. Such decrease was mainly due to the decrease in sales volume.

The gross profit of the Group decreased from HK$3.22 million, for the three months ended 31 March 2016 to HK$1.87 million for the three months ended 31 March 2017. The gross profit margin for the period decreased to approximately 20% from approximately 25% for the corresponding period of last year. Such decrease was mainly affected by the decrease in sales volume.

Selling and distribution expenses

The Group's selling and distribution expenses for the three months ended 31 March 2017 amounted to approximately HK$0.72 million, representing an approximately 21% decrease as compared with the corresponding period in 2016 of approximately HK$0.90 million. Selling and distribution expenses comprised mainly packaging, delivery, customs, agency cost and insurance cost incurred in relation to the sales. The decrease for the period was mainly due to the decrease of transportation costs for consignment sales.

Administrative expenses

The Group's administrative expenses for the three months ended 31 March 2017 amounted to approximately HK$2.99 million. Administrative expenses primarily consist of salaries and benefit payments paid to directors and staff, exchange loss, audit fee and legal and professional fees to ensure on going compliance with relevant rules and regulations. The administrative expenses remained constant during the period.

Finance costs

Finance costs mainly represent the interest on bank borrowing. The decrease for the three months ended 31 March 2017 was mainly due to the decrease in the bank borrowings outstanding during the period as compared with the corresponding period in 2016.

Loss for the period

Loss attributable to owners of the Company for the three months ended 31 March 2017 amounted to approximately HK$1.99 million (three months ended 31 March 2016: Loss of approximately HK$0.64 million). This was mainly attributable to (i) the decrease in sales of the Group's products during the period and (ii) the share of loss from an associate which was acquired by the Group on 27 September 2016.

TITLE DEFECT RISK IN THE LEASED PROPERTIES

The Group has leased two foundries which are located at Danshui Town, Huiyang District, Huizhou City ("Danshui Foundry") and Qiuchang Town, Huiyang District, Huizhou City ("Qiuchang Foundry") respectively. As at date of this report, Qiuchang Foundry is the production base of the Group whereas Danshui Foundry is only for research, design and development purpose. The owner of the land where the Qinchang Foundry is located (the "Owner") and both the landlords of the two foundries do not possess valid collective building land use rights certificates and building ownership certificates for the foundries respectively. During the period, the Group has continued to actively liaise with the Owner and the relevant landlords for the progress of the rectification of the title defects for the leased properties. However, the Owner and the landlords are not able commit to a time frame to complete the rectification by reason that the relevant procedures are subject to approvals and inspections by the relevant authorities, which is not within the control of the landlords. As a part of the risk management plan of the Group to mitigate the risk arising from the title defect of the leased properties in the PRC, the Group has entered into a legally binding memorandum of understanding (the "MOU") with a landlord for a backup plant located at Qingyuan City, Guangdong Province, the PRC. As at date of this report, the Owner is still in the process of applying for the collective building land use rights certificates, being an important and necessary step for applying the building ownership certificate for the Qiuchang Foundry. The Group, the Owner and the relevant landlords had not received, and the relevant government authorities had not issued, any notice, letter or order, about the title defect of the two foundries. The MOU remains valid and the backup plant was not occupied by any other party.
